INDUSTRIAL MATHEMATICS

INDEX OF ARTICLES

Volume XV Part 1 1965

The Science of Tolerancing.--Robert G. Morris

Application of Ultraspherical Polynomials to Non-Linear Systems with Step-Function Excitation. ---Harry H. Denman & Y. King Liu

On the Solutions of Certain First Order Mixed Differential-Difference Equations. ----- C.Y. Yeh and M. Kim

Volume XV Part 2 1965

Distributions Associated with the Quadrivaraite Normal. ----K. S. Miller and Harold Sackrowitz

Estimation of Wall-Shear Stress for Pulsatile Flow in an Artery. --- Albert I. King

Some Multidimensional Distributions based on a Stationary Gaussian Markov Process (Discrete Parameter) -- Ti-Erh Lin
